Ms. Mitchell discussed her documentary film on the 1991 fire "Fire, Ruin, and Renewal" and made copies of the DVD's available to all members present with an extra copy for giving to Oakland Library. Board discussed using the DVD's with presentations at community gatherings and meetings as a vehicle to remind current residents about the 1991 firestorm and tie it to our other messaging.

Dinah Benson and Sue Piper agreed to work with Oakland Library leadership in creating a WPAD and Firestorm Archive within the Library. Others present suggested contacting both Bancroft Library at UC Berkeley and the Oakland Museum of California downtown as well.
